# 1 Introduction

This report presents an analysis on beam loading and structural behavior.

Figure of the beam:

**Simply Supported Beam**

## 2 Load Data

Beam Length: 6.0 units

Position (x)	Type	Value
0	udl	200

## 3 Analysis Results

Support Reaction at A: 0.00 units

Support Reaction at B: 0.00 units

Total Load: 0.00 units
